President called Residents' Council meeting to order.

Date: 2026-06-26 10:00am

Meeting Notes

Preliminary Updates

- The secretary and treasurer were absent. A substitute is taking notes.
- Minutes from the last meeting are posted on the bulletin board.
- Treasurer is in Singapore. The June treasury report is unchanged from May.

Affiliation Agreement with Sequoia Living

- The affiliation agreement with Sequoia Living was signed on March 23, 2026; the 60-day waiting period has elapsed.
- No issues have been reported. Next step: state of California approval; more details expected at the July board meeting.
- Question raised: when will the agreement be submitted to the state? Exact date unknown.
- Financial portfolio split between Heritage and Sequoias is under NDA (Non-disclosure agreement)
- Sequoia will cover any Heritage financial shortfalls, using the portfolio or its own funds.
- A substantial portion of the portfolio is reserved for charitable purposes, supporting residents who may deplete their funds.
- The Grace and Favor Fund is included within this charitable fund.
- The signed agreement between Sequoia Living and Heritage on the Marina will be sent to the state attorney general for approval and may become public record.

Morgan Elevator Repair

- Two critical modules for the Morgan elevator repair were expected on June 26, 2026.
- Despite tracking numbers, the repair timeline remains uncertain; estimates range from August–September or later.

Resident Engagement and Volunteering

- A story about former colleague Mark Marasco highlighted tackling "impossible" tasks.
- Purpose: encourage resident volunteering; while many retired here, committee contributions are highly valued.

- A three-minute challenge was introduced to keep committee reports concise.

Financial Studies Group Report

- The group meets quarterly; a financial summary was distributed.
- Balance sheet loss: $1.6M; core revenue loss: $1.2M—an improvement and near projections.
- Portfolio value is approximately $59.8M.

Activities Committee Report

- Committee meets on the last Thursday of each month; regular activities resuming after the book festival.
- A conversational group with seven attendees will continue; time and place TBD.
- Sign-up sheet is available for a play-reading group (reading plays aloud at a table).
- A ceramics class is being organized; recruiting a teacher from Art for Elders; start date forthcoming.

Logistics and Communication

- Reminder: Communion services on Saturday, June 27, 2026, at 10:00 AM in the chapel.
- Zoom participants should use "raise hand" for comments; it's easier to manage than chat.
- Movie Committee: administration approved funding for a new, larger TV; exploring hearing enhancement devices.

Committee Updates

- **Welcome Committee:** Working with Patty and Bob to formalize processes before new residents arrive.
- **Out and About Committee:** Developing a new financial policy for the fund (about $700,825).
    - The Hines Foundation contributed substantially to this fund and the new van.
    - Policy will define proper cost allocation (e.g., CNA assistance during trips).
- **Community App:** Assistance provided to residents, but app activities are inconsistently updated.
    - A new method is available to obtain up-to-date activity lists.
    - Activity lists are also posted in the elevator and at the Porter Library door.

- **Birthday Table:** 2 residents will decorate the July birthday table.
- **Library Committee:** Library reorganization completed successfully with volunteer help.
- **Heritage Happenings:** Volunteers sought to revive the newsletter, especially for interviewing new residents.

Resident Issues and Suggestions

- **Guest Parking:** Progress remains slow due to limited spaces; contractors are using the white curb less often.
- **Art Room Donations:** Please stop anonymous drop-offs in the art room; a switchblade was found.
- **Staff–Resident Interaction:** Concern about inconsistent staff interpersonal skills.
    - Suggestion for Praveen: provide staff training.
    - Counter-suggestion: residents also receive a refresher on polite interaction.
- **Inter-Facility Socials:** After a successful lunch with presidents of other Sequoia Living residence councils, more social gatherings and tours are planned.
- **Bottle Bank Program:** Total collected since inception: $1,997.
    - Please fully empty bottles and cans before dropping off.
    - Collection points: dining room, staff lunchroom, near the health center, and outside room 248 Morgan.
- **Copper Flashing on McGinley Terrace:** Question raised about using costly copper flashing on a structure slated for demolition.
- **CNA Escort Service:** Using regular CNAs for escort duty may reduce staffing for scheduled care. Questions were asked about cost and minimum hours.
- **Community App Feedback:** App contains outdated items (e.g., a program canceled two years ago still listed). Request for a clear contact/editor for each app section to report errors.
- **Game Night:** Suggestion to hold another game night in August for new and existing residents.

Next arrangements

President to send activities details to Board member resident

President to send Out & About details to resident in the Flats

Guest Parking – work in progress

Adjournment – next meeting of Residents' Council Friday July 31 10am
