The Heritage ON THE MARINA

Preserving the Heart of The Heritage—
While Preparing for the Future.

8.3.2026 Renderings are early-stage concepts to communicate a potential future vision.
They remain subject to ongoing review, feedback, change, and the formal approval process.

Proposed Revitalization

The proposed redevelopment includes the restoration and revitalization of the historic Julia Morgan Building, expansion of the Perry Building to eight stories, thoughtful amenity spaces, and the addition of apartment homes –132 Independent Living homes, including the Flats, and the continuation of care (assisted living, memory care, and in-home services).

The Stone Cottage would be reimagined as a Center that celebrates the legacy of Julia Morgan and honors the pioneering contributions of the Ladies' Protection and Relief Society, a vision that continues to shape The Heritage on The Marina today.

Questions, Answers, and Ideas…

Questions@SequoiaLiving.org

Beginning in September, we will publish a Frequently Asked Questions (FAQ) resource and update it each month.

There may be questions we cannot answer right away. We are committed to sharing what we know, acknowledging what is still being worked through, and keeping everyone informed as we move forward together.
